

GOOD TO BE HOME

(V1)

Hey my, I'm on that country road
I wanna know will you forget me when I go.
Under, the cover of the night
We put away the wrong, and celebrate the right.. yeah!

(V2)

And so, you lay my cloths to dry
White sheets remind me of good lovin' and good ---
And so, that country road awaits
I say goodbye for now, I'll be back another day.

(PC)

We travel for fame and fortune
You stay at home and cry up a storm
Soon after you realize nothing
Don't you worry 'cause we won't be gone too long ...

(C)

Yeah... It's so good to be home
Yeah... It's so good to be home ..
To be home..

(solo)

(brg)

It's just the way that I was acting
It's just the reason why I'm here
Another reason why I ___ have ___ to ___ go ___ again

(C)

Yeah... It's so good to be home
Yeah... It's so good to be home
To be home .. yeah!
