

Only Human

There's a time when I wanted to feel
All the things that we lived
But the chain was so hard to release
Got me locked out the front door
I might as well have myself to believe
That you can be so cold
But you bring out the human in me...

[CH]

I don't want to be. Another face inside the crowd
I just want see. I've got my head between my legs
And I'm not feeling'

(vamp/solo1)

And I tell you I wanted to die
But you hate my intension
And I said I would eat you alive
This is my resurrection
I might as well have myself to believe
That you can be so cold
But you bring out the human in me...

And you changed your direction
And you spread your infections

[CH]

I don't want to be. Another face inside the crowd
I just want see. I've got my head between my legs
And I'm not feeling'

(solo2)/(breakdown)

I don't want to be
Another face inside the crowd
I've got my head between my legs
And I'm not feeling' very proud
I don't want to be
Another face inside the crowd
I've got my head between my legs
And I'm not feeling'..

I don't want to be Another face inside the crowd
I've got my head between my legs
And I ain't feeling' very proud..
I don't want to be Another face inside the crowd
I've got my head, I've got my head
Between my legs
(Only Human) .Between my legs
Between my leg
