

OVER MY HEAD

She wanted to be all alone
And said we should rest for a while
It isn't easy when - you're, not around
I forfeit all control

[CH]

It's over my head
I'm out of control
You keep telling me
But I cannot change
I disappear (2x)

oh.. we wagered all we had in love
And still I owe you more than enough
It's easy to feel alone
When you're ..
coming down, I'm not coming down:
And I ain't coming down!

[CH]

It's over my head
I'm out of control
You keep telling me
But I cannot change
I disappear

(B)

Let's start over again, and pretend
Jilted pride is a fear with no end
Faith was never in oversupply
And now - I - say - Goodbye

(SOLO)

[CH]

It's over my head
I'm out of control
You keep telling me
But I cannot change
I disappear (2x)
